

# MATRIXGOLD™

## LAUNCHER, MAINTENANCE, AND UPDATING

### DOWNLOAD AND INSTALL

The Gemvision Application Launcher will be your gateway to installing, updating, and distributing licenses for MatrixGold™.

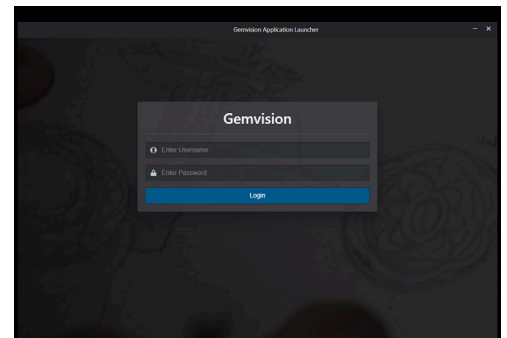

You can download the Launcher from [Gemvision.com/MatrixGold](http://Gemvision.com/MatrixGold).

Once downloaded, simply double-click the .EXE and follow the prompts to install it.

### SIGN IN

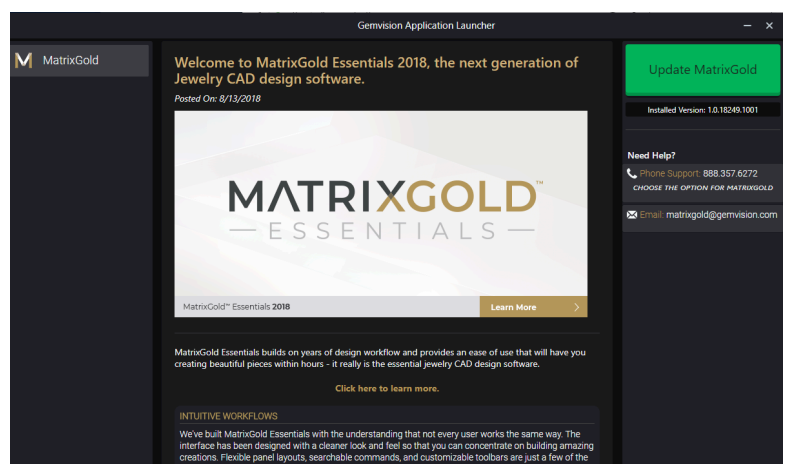

When opened the Gemvision Application Launcher will present you with a log-in prompt.

A Stuller account is required in order to use the Launcher or MatrixGold™. If you need Stuller credentials, please contact your sales representative.

### NEWS FEED

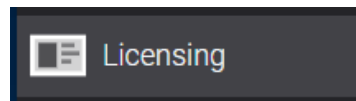

After logging into the Launcher, the news feed will display up to date information relevant to MatrixGold™. This information will include release notes, marketing releases, promotional information, and Stuller updates.

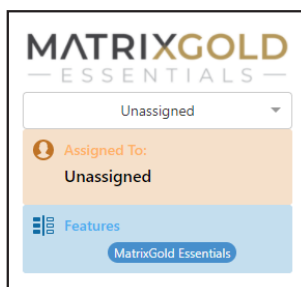

## GRANT YOURSELF ACCESS

Inside the Launcher, on the left side, you should see Licensing.

Click the **Licensing** button to grant software access to yourself or to other associates.

On the Licensing page, you will see one box for every license you own, and they will be set to **Unassigned**.

In the box, select a user from the dropdown menu to assign the license.

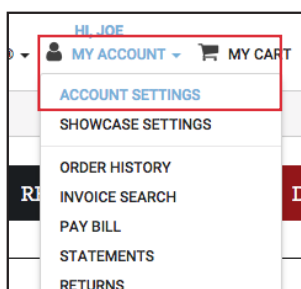

Click the **Save Changes** button at the top.

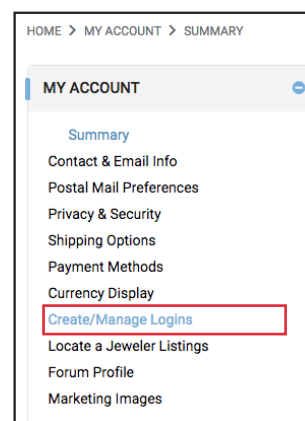

## CREATE ASSOCIATE ACCOUNTS

If you need to create logins for additional associates, visit [stuller.com/login](https://stuller.com/login) and use the credentials for your administrative account to log in. (These are the same credentials you used to log into the Launcher.)

Once, you log in on [stuller.com](https://stuller.com), click on **MY ACCOUNT** and choose **ACCOUNT SETTINGS** from the dropdown.

Choose **Create/Manage Logins** on the left side.

On the Manage Logins page, click **+CREATE LOGIN**.

Fill in the required information and click **SAVE**.

This new user will be an option on the Licensing page of the Launcher. (This could take up to 5 minutes to sync.)

## INITIAL SETUP

Now that a license is assigned, log in to the Launcher using the account with access.  
**Click on the large context button to get started.**

If MatrixGold™ is **not** installed, the context button will show **Install MatrixGold™**.

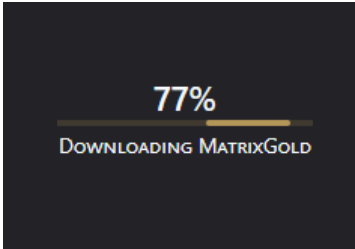

Install MatrixGold

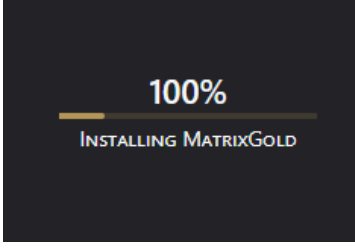

## INSTALL

**Click the install button.**

- The Launcher will ask if you already have a key for Rhinoceros. *(If you previously received either a trial or full key for Rhino, choose that option. Otherwise the Launcher will walk you through obtaining a trial key.)*
- The Launcher will automatically download/install Rhinoceros.
- The Launcher will automatically download/install MatrixGold™.

## LAUNCH

The context button will then show Launch MatrixGold™.

**Click on the context button to start MatrixGold™ for the first time.**

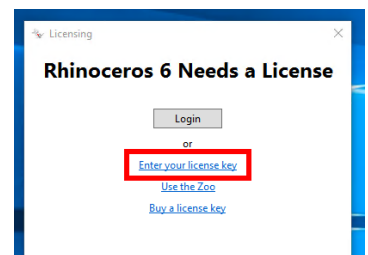

Launch MatrixGold

## VALIDATE RHINO

On first launch, Rhinoceros will request a license. You should have followed the previous steps to acquire a trial license for Rhinoceros 6 or already have a license.

1. When your Rhino Validation appears, click 'Enter Your License Key'.
2. Enter your License Key.
3. On the 'License Location' page, click 'Use Only on This Computer'.
4. On the prompt that appears, click 'Yes'.
5. Enter and confirm the e-mail address where you received the license.
6. Follow instructions to finish validating your license.

*(To run as a trial, click 'Skip Registration' and then 'Continue' on the next window.)*

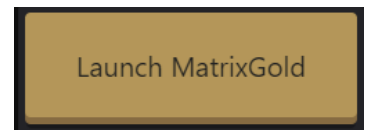

## LAUNCHING MATRIXGOLD™

Once installed, users can simply use the icon on their desktop to launch MatrixGold™. However, the Launcher will also open as it is used for validation. There is no way to run MatrixGold™ without also having the Launcher open.

For this reason, it may be more beneficial to launch MatrixGold™ from the Launcher.

## BEGINNING FROM THE LAUNCHER

If MatrixGold™ is installed and on the latest version, the context button will show **Launch MatrixGold™**.

- The Launcher will minimize to the taskbar, but remain open.
  - MatrixGold™ will launch.
- NOTE: If you manually close the Launcher, MatrixGold™ will also close. Simply minimize the window to hide it.*

## UPDATING MATRIXGOLD™

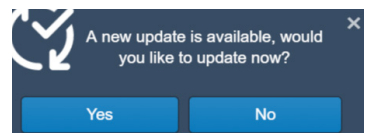

If MatrixGold™ has an update available the context button will show **Update MatrixGold™**.

- The Launcher will automatically download and install the new version of MatrixGold™.

## UPDATING THE LAUNCHER

When an update is available for the Launcher itself, a notice will appear that reads, "A new update is available, would you like to update now?"

You can choose to either update now or wait until a more convenient time.

If you choose the "Yes" option, the Launcher will download the update and prompt you to approve a restart of the application.

After choosing to allow the restart, the Launcher will update itself and reopen.

If you need more assistance, email [matrixgold@gemvision.com](mailto:matrixgold@gemvision.com).
